

# THE CONFLICT BETWEEN RULERS!

By Messenger Elijah Muhammad

*Reprinted from the December 7, 1973 edition of Muhammad Speaks Newspaper (which was reprinted from February 18, 1972 of Muhammad Speaks)*

Daniel's prophecy of these times, in which we are now living, is equal to the prophecy of John's Revelation (Bible).

These two Books of the Bible (Daniel and Revelation) are very similar in their prophecy of the same subject, which deals with the great trouble that shall befall the nations of the earth, at the end of the falling of One nation (America).

The conflict between rulers - America, Russia, China and the world- regardless to the power of that one nation (the nation can be small or great) it is all pointing toward the one and the same people: America.

In Daniel Ch. 11:6, the 6th verse says, "... they shall join themselves together; for the kings' daughter of the south ..."

It makes the rulers to unite themselves together, regardless to what country it may be, and regardless of how large, or how small, the country may be.

All of these countries shall unite against America.

America is referred to here as the daughter of the king of the south.

This prophecy in Daniel is similar to the prophecy of Jeremiah, which refers to America as the daughter of Babylon.

The prophecy of Daniel and the similar prophecy of Jeremiah, makes the basic root trouble, the same trouble which is the trouble of a slave-holder.

America is the slave-holder of the Black Man, and Babylon was once the slave-holder of the Jews.

So, being similar in the Mind, and in the Work, against the poor captive people, Jeremiah refers to America under such prophecy as the 'daughter of Babylon.

The President of America is planning to go to China to make an agreement. Here, in Daniel Ch. 11: 6 this event is foretold. It prophecies of the Judgment of the end of the world (of the white race) under the chapter entitled "The conflict of kings"

The President's trip to Peking, China -Let us take a pause right here to say this; When have we seen the kings of Asia and the kings of the north (China and Russia) coming to America to plead with America for agreement to settle, or to appease, their differences?

But, America, the richest country and the most powerful government that has ever lived on the planet earth, for the past 6,000 years- America who came to be the most mighty people; the ruler of America is going to China!

God Blessed America to make her strong and to make her powerful enough to trample the people throughout the world under her feet.

God Blessed America with food enough to make her capable of feeding the whole world.

God Blessed America to make her capable of clothing the whole world.

God Made America wealthy enough to finance the whole world.

God Blessed America and Made her capable of supplying the whole world with transportation on land, water and in the air.

But inside America, she keeps standing on the very power of her wealth and her strength of power, (the Black Man, her once Black slave).

Allah, God, Who Came in the Person of Master Fard Muhammad, to Whom Praises are due forever, Has come for the Black slave. And America would rather go to war with God over the taking of that Black slave.

The Black slave is justified to return to His own.

Rather than let the Black slave go free, America would rather fight the Black slave and His God, for control of the Black slave. In this fight for control of the Black slave, America is not fighting against a common foe. America is now fighting against an All Powerful Foe; God Himself.

Allah (God) Delights in America's attack against God for America's attack justifies Allah's (God's) Destruction of America.

If it were not for America's attack against God, anyone would say, "Why does God continue to pick on that little fellow (America) when the little fellow does not strike back?"

But, America does not consider herself a little fellow. America considers herself the most powerful.

Daniel Ch.11(Bible) prophecies now of setting the rulers of the earth against America. "And in the end of years, they shall join themselves together; for the king's daughter of the south shall come to the king of the north to make an agreement:"(Dan. 11: 6).

But the other nations have made their agreement against America. The kings, the rulers have united and made their agreement against the king of the south's daughter (America's coming.)

America is referred to as the daughter of the king of the south. This means that America is something that has been produced out of a father-like ruler, which can be none other than England.

England once ruled the whole world with a strong hand. Now England's daughter, America, takes over, but America is unable to make friends with the rulers of the earth because of the time and the people- the time given to America is too short for her to make friendship and peace in any confidential way, with the people with whom America is in Conflict.

It is too late for America, for the end of the years has come and no more time can be extended, for the sake of an enemy to regain his strength, to fight against the innocent people whom he has crushed.

Prophecy has a way of using certain material, which is foreign to actual material, that he is aiming to bring to the attention of the people.

This is to keep the one whom the prophecy is against from knowing until the time of the prophecy's manifestation.

So it is with the prophecy of Daniel, Ezekiel, Jeremiah and many other's prophecies. It is to be made manifest, at the end of the prophecy.

According to the prophecy of Daniel, Chap. 11, verse 6, America shall be given up and those who be with her to try to strengthen her, shall be given up.

The helpers of America shall be the losers.

This is the way that I see the 11th Chapter of Daniel and the 6th verse of Daniel's prophecy of The Conflict Between Rulers.

Elijah Muhammad Messenger of Allah to you all.
