BY ELIJAH MUHAMMAD

Messenger of Allah

Article First Published February 15, 1962

A Messenger or a Prophet of God is always sent to a people to warn them of the time. He is a warner of some great and dreadful event to take place upon the earth's inhabitants for their wrong doings and idol worshipping. The Messenger's job was always to separate the people he was sent to from the evil doers, lest they all be destroyed.

In the previous histories according to the Bible and Holy Qur-an. Allah sent Noah to his people to warn them and teach them of Allah's wrath soon to be brought down on them for their inequities and idol worshipping ; if they did not submit to his teachings and separate from the ones who were leading the people from Allah , they were overtaken by destruction.

The independent one, Allah, desires His people to be obedient to Him. He does, not need us, as He is the Independent One and is able to stand alone. We are dependent upon Him. Abraham was also raised to deliver his people and warn them of Allah's anger and His promise of death if they did not submit to Allah and separate from the one who rejected Him.

Moses was another warner to his people to bring them into the knowledge of Allah and a death penalty if they did not submit to Him .

These histories serve as a sign to you today. It serves to make you see that if you do not submit to Allah, His wrath will most surely be brought down on you.

Signs and warnings

These histories are signs and warnings to white America of what comes to nations that stand in the way, oppose Allah's message, and mislead the very people to whom the message is sent.

Were not the people who rejected Noah and made mock of the believers destroyed? Abraham had to separate his people from the idol worshippers and all who refused to separate were destroyed.

Were not the people destroyed who rejected Lot's warning ? What do you think Allah will do to the people today who reject His last message and will not separate from their enemy?

Allah's Last Messenger

Allah has sent me as His last Messenger. I am a warner to my people, the so-called Negroes, to separate themselves from the slave master. Compare these different histories, prophets and their messages to what I

am teaching my people , the so - called Negroes today. I am also teaching you of Allah's anger directed to the slave master for his great sins and misleading the so-called Negro who is sacred in the eyes of Allah.

All those whose who did not separate themselves from the evil doers in Noah's time were destroyed. I am teaching you the same thing today.

My people separate yourselves from the enemy or burn in their prepared hell fire. Their fair-play shown to you today is only to deceive you. They desire to take as many of you to hell with them as possible.

Mr. Preacher, I do not want to take your congregation from you. I only want to teach them the truth (Islam) and the consequences they must pay if they will not listen.

By nature we, the aboriginals, are superior. We are not of the grafted race of white devils. We are the first and the last . They (the enemy) are those whom Jesus made mention of as being devils and by nature haters and murderers of the black nation.

There can ne no change in them unless you re-graft them and time is too precious to waste time regrafting an evil people to good.

Their time is up on our planet .Today they are seeking ways to remain of the earth. They are by nature haters of Allah , the God of truth and justice, and have opposed Him and the righteous ever since being on our planet.

I am Allah's last Messenger and have been missioned to you (so-called Negroes). Come to Islam and escape the hell fire that has been prepared for the enemy of God and all those who follow after him.

I am not of myself for Allah has sent me to deliver you. Do not let them trick you to their death

Hurry and join onto your own kind. The time of this world is at hand
